The lighting is harsh, creating deep shadows on the right side of her face and highlighting the left side. The image has a grainy, photocopied texture. She is wearing a dark, high-collared garment.

FITZGERALD AND DONOVAN MEN NOW IN
CONFERENCE AT YOUNG'S HOTEL.

A conference is being held in Young's Hotel this afternoon between representatives of Edward J. Donoran and ex-Congressman John F. Fitzgerald to arrange for the political debate between Donoran and Fitzgerald sometime to-morrow.

The exact time, the place and other important details of the debate are being settled in the conference.

Mr. Fitzgerald had previously named Charles H. Slattery, Daniel H. Conkley and Edward L. Logan as his representatives.

He did this when he first issued his challenge to Donovan to meet him in public on the debating platform. These representatives are now looking out for Mr. Fitzgerald's interests in the conference, while Mr. Donovan is represented by a singular member to guard his interests.

FINANCIER SAYS WARRANT FOR BARRON WHO ACCUSES HIM OF LIBEL WILL FOLLOW.

A warrant for the arrest of Thomas W. Lawson, on the charge of criminal libel, was granted by Judge Wentworth by the Municipal Court to-day on complaint of Charles W. Barron of the Boston News Bureau.

Mr. Lawson may be arrested at any time, the warrant being immediate.

The first issue of the Boston News Bureau was principally in the September number of Everybody's Magazine in Mr. Lawson's article on "Premeditated Finance." This article was based on several articles which had been printed in the Boston Herald in private in the judge's lobby.

Mr. Barron, who is a close friend of Lawson, interests, and Sherman W. Whipple for Barron.

The warrant was issued on the following statement, signed by Mr. Lawson, was issued from the Lawson office.

long delay in the granting of the warrant, and that the application for the warrant for Barron's arrest for criminal libel and the Court, in rendering its decision, was not in conformity with the law, so that as it was the custom of the Court to grant warrants and to issue subpoenas for the arrest of a witness and Barron had applied for his writ the Court was in the first place, in rendering its decision, in error that day and would later grant one against Barron, and as he had heard the case he was not bound to grant one against Barron, losing one for Barron.

It was daily published his reason for the Court's deny in issuing the warrant, which was that the Court was in error in not having written "Frederick Fane" I stated that when the Court spoke the reason for the Court's deny in issuing the warrant was King's reason prior as usual the security of Barron's statement.

Division Captains, Under Orders From Headquarters, Marshal Forces for Fresh Descent on Illegal "Medical" Offices This Afternoon—Panic Among the Malpractitioners.

Arrangements have been made for concerted raids in all parts of the city where there are "murder dens" located, this afternoon. A score of places for which the police have warrants will be visited.

Captains of the various divisions received their orders from Commissioner Emmons early to-day. They are to act at the same time. On Captain Cain's division, where the crusade was started with such effectiveness on Saturday, there will probably be the greatest turmoil. His sergeants have procured about fifteen warrants for raids.

It is believed by the police that they will find many places where much business has been done in the past deserted by the occupants. Such a fright was given the keepers of the murder dens by the first crusade that many have not waited to be called upon.

PANIC ON TREMONT STREET.

Tremont street will be thrown into another panic when the squad of bluecoats armed with implements for forcing barred doors descend on the suspected places. Already business men have made bitter complaint that they suffer heavily by the first onslaught.

Some of the carefully hidden places in the West End have been ferreted out by Captain Peabody's men of the Joy Street Station with the result that there will be no activity in that section of the city. In the Back Bay Captain Donovan is going after the hospitals, of which there are said to be a number located in houses.

Before starting on the raids Commissioner Emmons called the captains to headquarters for a conference. Late they went in to see Chairman Cole and Commissioner Adams, and the official sanction of the whole board was given them.

SEARCH FOR MRS. DEAN.

Mrs. Mary Dean, the missing nurse and probably the most important witness in the investigation of the death of Susan Gear, the suit case victim, is keeping the authorities of two States and two provinces of Canada in a stir. It is now believed that she is either in New York or on her way back.

The police are certain that they have traced her from Windsor Junction, N. S., to Portland, Me., and thence to New York. She is said to have been employed as a street car conductor by the New York & Maine railroad employees at Windsor Junction as the baggage of a woman when they identified her. She was seen at the Windsor Junction station in Portland by rail from Windsor Junction, and disappeared completely, although the police are sure that she was in the city.

As soon as the trunk arrived in Portland the trunks were removed from the railroad cars and taken to the police station, where they are now kept as what became of them. It is now believed, however, that they were sent to New York by express, and that they were by boat to New York. Mrs. Dean is believed to have accompanied them.

It is also believed that the trunk of Walter Dean is in New York now, and have traced the woman to the home of a friend in that city. It is also believed that the woman is engaged in illegal "medical" work in New York.

Shadowing the House.

The New York detectives have been shown a photograph of Mrs. Dean, and the house in which she is supposed to be hiding is constantly watched. The police have information which leads them to believe that the much-sought nurse is planning to return to Montreal to look up the man to whom she depends for shelter until the opportunity can be found for her to escape on her own.

Det. Silas Carpenter, of the Montreal detective force, has been notified for the woman, and has been furnished with names of persons who are her friends there. A photograph of Mrs. Dean has also been sent to the Montreal officials. The New York police believe it

Thousands of Women Have Kidney Trouble and Never Suspect It.

WOMEN suffer untold misery because the nature of their disease is not always entirely understood. Often, when such women are doctoring, they are led to believe that womb trouble or female weakness is the cause of some sort of responsibility for their ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

Perhaps you suffer almost continually with pain in the back, bearing-down feelings, headache and other ex-

VOTE FOR
Hon. Louis A. Frothingham
REPUBLICAN CANDIDATE FOR MAYOR

City Primaries: THURSDAY, NOV. 16th
POLLS OPEN FROM 6 A. M. TO 4 P. M.

[illegible][illegible]

VOTE ONLY FOR MEN WHO ANSWERED "YES!"

The Municipal Ownership League has asked all candidates for membership in the Board of Aldermen and the Common Council whether, if elected, they will vote to submit to the people the question of establishing a municipal lighting plant.

You will find their replies on this page.

From these replies you can decide for yourself how to vote at the primaries next Thursday.

Look over the list. If you find that any candidate has not replied to the League's query you may be sure that HE IS OPPOSED TO LET-

TING THE PEOPLE DECIDE THIS QUESTION FOR THEMSELVES.

If you find that a candidate has replied in the negative, you will know that either he is owned by the Gas Trust or he is AFRAID to let the people decide the matter of municipal ownership for themselves. He prefers to let the public service corporations control the city rather than to let the citizens and taxpayers manage their municipal affairs.

YOU ALSO KNOW WHAT TO DO WITH SUCH A CANDIDATE AT THE PRIMARIES.

Municipal Ownership League Puts Question to Aspirants for City Offices and Result Is Herewith Given.

A REPORTER OF THE BOSTON AMERICAN endeavored yesterday to see the various candidates for the nomination for Mayor, in order to submit to them the following question:

"If you are elected Mayor will you advocate and sign a resolution of the City Council providing for a municipal lighting plant in Boston, so that the matter may go to the voters for their decision?"

They answered as follows:

Edward J. Duvaux: "Yes."

John F. Fitzgerald: "Yes."

Frank A. Frothingham: "I do not know as it is up to me now. If appointed, I will give it my careful attention."

Henry S. Dwyer: "I can't answer that question as yet."

Edward B. Catterall: "By the legislative department of City Hall will send me the order requiring submission to the people of the vote on the question of municipal lighting in Boston. I will sign the order."

"I believe that I have been in legislative assemblies in Massachusetts long enough to know the will of the people as shown through their representatives."

Through the referendum committee of the Municipal Ownership League the question was submitted to all the aldermen and common council candidates to be voted for at the city primaries on Thursday as to whether, if nominated and elected, would vote for the resolution in the City Council for the establishment of municipal lighting plants in Boston.

This resolution has been passed, and if it goes through again this year it will be submitted to the voters of the city for their decision. The letters were sent to every candidate who filed papers and also the address he gave. Every single name who replied to the query answered in the affirmative. Some of the candidates were not heard from. The letter contained this paragraph:

"Silence after a reasonable time for reply will be deemed equivalent to a negative answer."

The letters were mailed last Thursday. The replies received up to date, with the political of the candidates indicated as Democratic (D.) and Republican (R.), follows:
